

# ASSEMBLY INSTRUCTIONS:

- 1 Peel back protective masking on **BOTH** sides before use.

- 2 Press button and pull cord-loop to curve VisorShield. Release button to lock cord in place.

- 3 Make sure to place the cap bill **UNDER** the cord-loop.

- 4 Push cap bill through curved slot on VisorShield about 1/2".

## CLEAN AND REUSE

Remove ball cap from VisorShield and release cord to flatten. Handle gently to avoid scratching. Wipe your VisorShield with common lens cleaning solution and a soft cloth.

Store your VisorShield flat for future use.

**DISCLAIMER:** Intended to be worn with personal protective equipment per your institution's standards and guidelines. This product has not been tested or qualified to prevent or reduce infection, and does not provide particulate filtration. Not intended for use in surgical settings. This product is non-sterile and has not been disinfected or cleaned. Avoid exposure to high heat or extreme cold. This product is non-medical and has not been FDA cleared or approved. For adult use only.
